OPEN AIR CABANAS

the  
OPEN AIR CABANA

ROOF: TEMPOTEST SUNFLOWER #T12  
FRAME: SILVER METALLIC #SS9022

## SUMMER IN STYLE

The Cabana by SummerSpace® is your place in the sun, only cooler. These cheerful shade structures combine comfort and simplicity with a hint of resort style chic.

## Open Air Cabanas by SummerSpace®

are made with our ultra-strong tapered aluminum legs and roof systems to form a square, rectangular or octagonal “gazebo-style” shaded space. Perfect for pool areas, terraces, patios and yards, these commercial quality structures can lower the temperature of your space by as much as 20 degrees. With frames available in 9 powder coated colors, choose a coordinating fabric for the perfect look (see pages 8 & 9).

### PRODUCT OPTIONS:

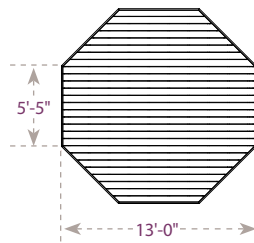

- 9 Frame color selections
- 24 Tempotest® fabric selections
- Deck Perimeter Kit
- Corner Curtains
- Privacy Panels
- Fan & Light Mounting Kit
- Flame retardant fabric

### 13' OCTAGONAL CABANA

Eight tapered aluminum legs integrated with the SummerSpace® Vector Vent Roof System and fabric top.

#### PRODUCT DIMENSIONS:

6'-8" for all models

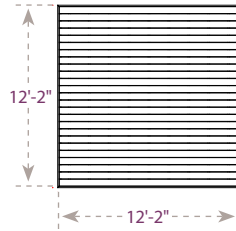

**Deck Height**  
Deck kit adds 7" to OA height

### 12' X 12' SQUARE CABANA

Four tapered aluminum legs integrated with the SummerSpace® Vector Vent Roof System and fabric top.

**PRODUCT DIMENSIONS:**

Headroom:\* 6'-8" (under valance)  
Width: 12'-2"  
Square feet: 148 s.f.  
Weight (approx.): 357 lbs. (before packaging)

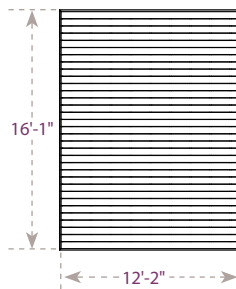

### 12' X 16' RECTANGULAR CABANA

Four tapered aluminum legs integrated with the SummerSpace® Vector Vent Roof System and fabric top.

**PRODUCT DIMENSIONS:**

Headroom:\* 6'-8" (under valance)  
Width: 12'-2"  
Length: 16'-1"  
Square feet: 196 s.f.  
Weight (approx.): 411 lbs. (before packaging)

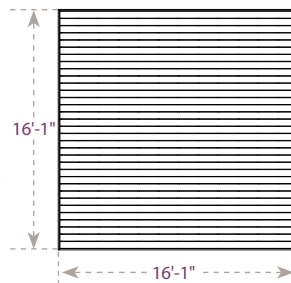

### 16' X 16' SQUARE CABANA

Four tapered aluminum legs integrated with the SummerSpace® Vector Vent Roof System and fabric top.

**PRODUCT DIMENSIONS:**

Headroom:\* 6'-8" (under valance)  
Width: 16'-1"  
Square feet: 259 s.f.  
Weight (approx.): 425 lbs. (before packaging)

All rounded sizes are nominal; See specific drawings for exact measurements.

\*Height and headroom measurements are from cabana feet up. Deck platform will add 7 inches to overall structure height.

## PRODUCT FEATURES

### Vector Vent Roof Systems:

Our roofs are constructed with a cupola for air ventilation. Color matched to your Cabana legs, these roof systems are made from durable aluminum so they are made to last and will never rust.

### Tapered Leg Design:

Atypical of most shade structures, our cabana legs are as practical as they are beautiful. The inverted buttress design made from 2" aluminum provides impressive strength and support.

### Anchored Footing:

Secure to concrete or heavy wooden decking with three anchor screws per leg, you can depend on this structure to withstand extreme weather and stay securely in place.

# F A CABANA

## PRODUCT BENEFITS

### Tempotest Fabric Top:

SummerSpace products are made with the best outdoor fabrics in the industry: Tempotest®! Our Linen Weaves, Stripes and Solids offer a fabulous selection for the perfect touch of flair.

SEE PAGE 9

### Easy Roof Tensioning System:

Our "fast straps" make it easy to keep the fabric roof system taut as a drum without special tools or techniques.

### Deck Perimeter Kit

Should you choose decking to the size of your Cabana, our Deck Perimeter Kit gives a finished look while concealing the floor joists and deck edges.

ROOF: TEMPOTEST STEEL GREY #TS34879  
FRAME: MINERAL GRAY #SS7043

## SUMMERSHIELD™

All powder coatings and applications are not created equal. Our industry leading pretreatment, and proprietary SummerShield powder coating finish, exceeds AAMA 2604 specifications including 3,000 hour salt spray testing. This super durable finish includes UV inhibitors that extend the life of the beautiful, fade resistant finish. Choose from eight low gloss, lightly textured finishes or a high gloss Silver Metallic finish that resembles polished aluminum. SummerShield takes it one step further by infusing our coatings with anti-microbial technology for the ultimate in low maintenance finishes.

OUR POWDER COAT SPECIALIST APPLIES SILVER METALLIC HIGH GLOSS COATING TO CABANA LEGS.

### Signature Colors

THESE 6 COLORS ARE STANDARD AND ARE INCLUDED IN THE PRICE.

**SS1013** Almond Textured

**SS9016** White Textured

FRAME: SILVER METALLIC #SS9022

## DECK PERIMETER KIT BY SUMMERSPACE®

**Why invest in a perimeter kit?** Crafted from high grade aluminum, this subframe is designed to fit your new cabana perfectly. Using pressure treated floor joists and composite decking in your choice of colors, the powder coated perimeter kit hides the edges of the flooring to provide a clean upscale look, as well as keep your cabana secure during heavy winds. Our custom matching leg supports fit perfectly over the sides of the deck kit and are secured with eight color matched fasteners so you never have to give it a second thought. As an alternative to the perimeter deck kit, our cabanas can be mounted to a concrete pad or strong wooden platform, but cannot be mounted to asphalt, patio blocks, bricks or grass surfaces.

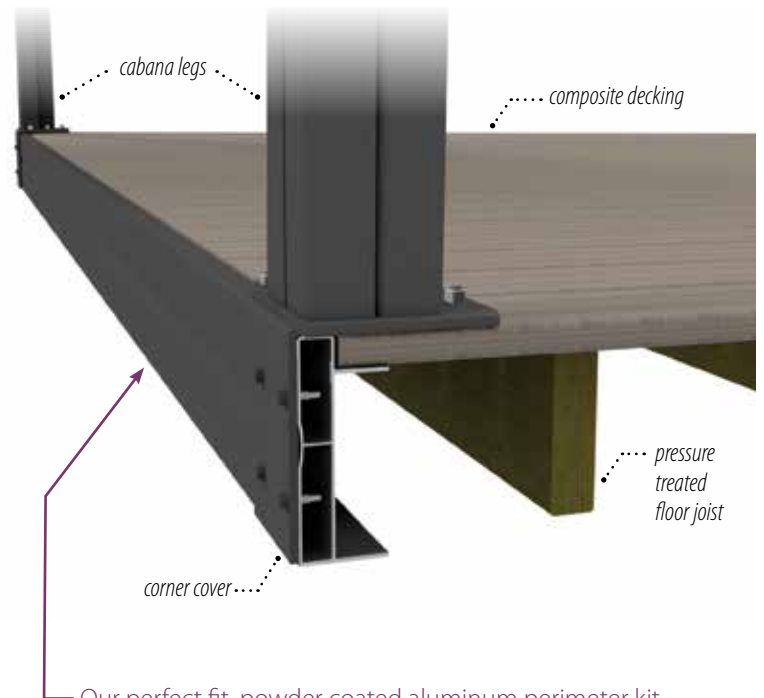

THIS OCTAGONAL CABANA IS INSTALLED ON COMPOSITE DECKING AND FEATURES OUR DECK PERIMETER KIT IN SAND.

### TRIM COLOR SELECTIONS

*Floor joists and decking materials are not included with the perimeter kit.  
These products are available at your local building supply store.  
We recommend Timbertech®, Trex® or equivalent 1" (5/4") decking.*

Our perfect fit, powder coated aluminum perimeter kit replaces the need for outer edge framing materials while beautifully covering the ends of the decking material.

## CORNER CURTAINS & PRIVACY PANELS

A perfect customization for those who desire more privacy. We offer 3 colors with ties coordinated to your roof fabric for a beautiful overall look. Simply pull the fabric across when you want to block the view or add more shade.

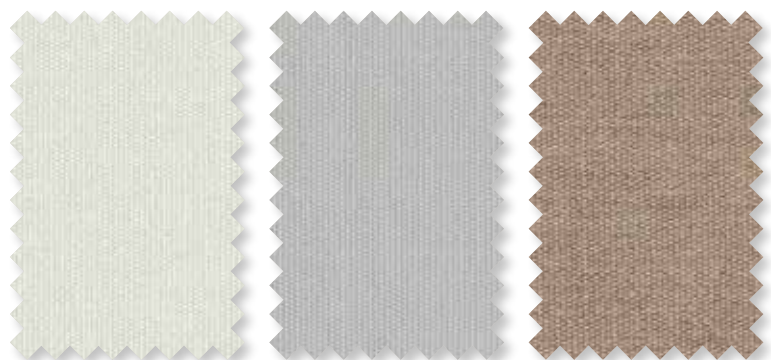

### CORNER CURTAINS

- Single Curtain
- Kit of 4 Curtains  
*(square or rectangular)*
- Kit of 8 Curtains  
*(octagon)*

### PRIVACY PANELS

- 12' Wide Panel  
*(square or rectangular)*
- 16' Wide Panel  
*(square or rectangular)*
- 5' Wide Panel  
*(small octagon)*
- 6' Wide Panel  
*(large octagon)*

### DRAPERY & PRIVACY PANEL FABRICS

**T15** White
